

Trusted Contact Designation Form

Use this form to add or remove a trusted contact to your new or existing DWS fund account(s). Designating a trusted contact is not required and does not authorize the named individual to transact on or to make changes to your account. This form authorizes DWS to contact the trusted contact and disclose limited account information if there are questions or concerns about your current contact information, health status or in the event DWS suspects that you may be a victim of fraud or financial exploitation.

Your trusted contact should be someone that you trust and will know how to reach you, and must be at least 18 years old. Your trusted contact should not be a joint owner or financial advisor on record. **We can only maintain information for one trusted contact per account.** We recommend you inform your trusted contact so they are prepared in the event we need to contact them.
